

Bodilight offers a diverse range of both permanent and cosmetic beauty and body treatments

You can be 'Bodi beautiful' after your visit to Bodilight

ONE of the longest established beauty clinics in the local area, Bodilight offers professional services across a diverse range of both permanent and cosmetic beauty and body treatments.

Offering everything from waxing, tanning, osteopathy, laser liposuction and permanent hair removal, botox, cellulite treatment and much, much more, Bodilight clinic in South Row, Milton Keynes, has far more to offer than many competitors in its field.

Tracy Fensome, one of the most accomplished leaders in the permanent make up and aesthetic beauty industry, hosts monthly clinics at Bodilight. She said: "Each visit is enjoyable and the team are fabulous."

"All my clients that visit Bodilight comment on how they love the décor and relaxing environment."

Tracy demonstrates absolute expertise in providing safe and stunning treatments to her clients, who return to Bodilight again and again.

Her permanent make-up and micropigmentation procedures help create the look for perfect brows, eyes and lips among other procedures.

Her training and experience

even allow her to carry out cosmetic medical tattooing for customers needing- areola and nipple reconstruction, such as breast cancer patients, aesthetic treatments after hair loss due to alopecia or chemotherapy, and revolutionary camouflage treatments for scars and burns.

A further unique aspect of the service provided at Bodilight is its unsurpassable sensitivity in treating transgender clientele. Champion of sex change and trans-advisor Delia Johnston, who the Citizen has previously supported, has had her life changed for the better by the permanent cosmetic and micropigmentation treatments she received from Tracy at Milton Keynes' Bodilight clinic. Now running her very own transadvisory service through <http://www.deliatransadvisory.com/>, Delia helps others going through the gender transition process with, among other things, make-up and

beauty tips, and is an advocate of the services offered by Tracy at Bodilight.

Dr Michel Lauzel, an expert in the field of aesthetic medicine, is pleased to recommend Tracy's work as a permanent make up artist.

He says: "I only recommend professionals working to the highest standard to my patients."

Tracy is definitely one of them. I know she builds an excellent rapport with her clients and is sympathetic to their needs."

As well as its impressive list of treatments and expertise in both medical and aesthetic beauty procedures, Bodilight is also actively involved in the local Milton Keynes community, holding annual fundraising events and regularly helping charities.

With its community feel, professional and helpful service, sensitivity to customers with varying needs and the widest range of products and services in the area, Bodilight is the number one place to go if you want to become 'Bodi beautiful'.
